Collision Repair Without Equal

For over 25 years, Peerless Auto Body has been providing high quality collision repairs to the community.

Peerless has combined classic craftsmanship with the latest "high tech" tools to offer a combination that's hard to beat.

If you feel that exceptional customer service, quality workmanship and outstanding value have become rare commodities then you will be pleasantly surprised by Peerless.

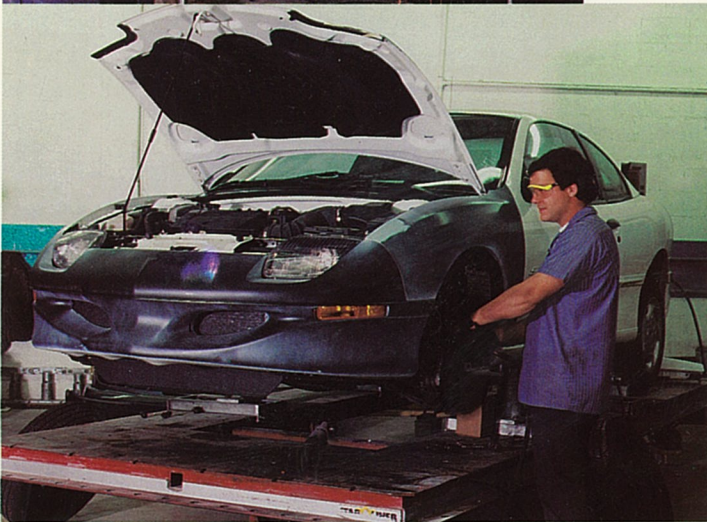

The Winning Combination: Classic Craftsmanship & Hi-Tech Tools

Originally established in Rhode Island in 1969, Peerless Auto Body was brought to Florida by Al Rotella and his sons in 1989. With the involvement of Al's father, there are now three generations to serve you.

More recently, they opened their new "state-of-the-art" collision repair shop in Pompano Beach. This facility is equipped with the latest computers and advanced technology to enhance both service and quality.

The personal touch is something that is never overlooked at Peerless.

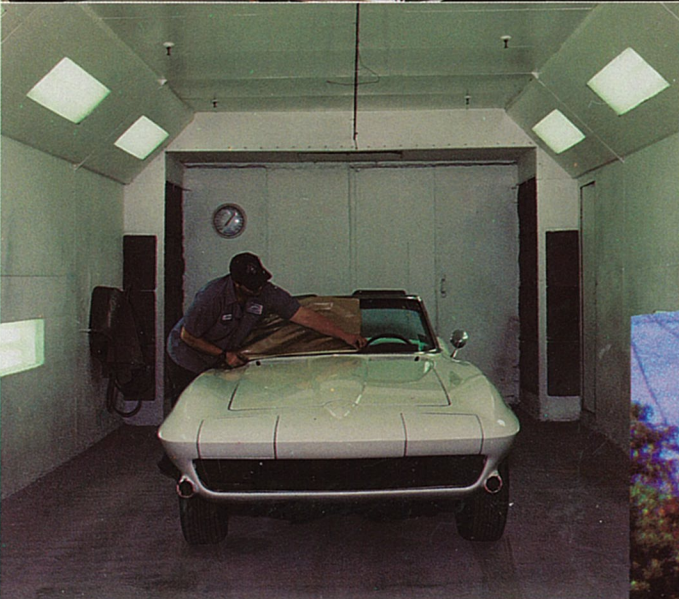

*"No job is too small
- We do it all!"*

This ideal is reflected in the fact that they go out of their way to satisfy customers - no matter how large or small. While other shops may turn away the "less profitable" small repairs, everyone at Peerless believes that the key to success is measured *one customer at a time.*

Regardless of the vehicle, suspension, drivetrain, and unibody damage occurs in most collisions and needs to be properly diagnosed and repaired.

Modern cars have become so complicated that highly specialized tools and training are required to repair collision damage correctly.

Doesn't it make sense to trust these highly specialized repairs to the shop that has the proper tools, training, and experience to restore your vehicle to the condition it was in prior to the accident?

Peerless Auto Body is equipped with the technology to repair today's vehicles.

Computerized estimating, electronic diagnostic systems, computerized alignment, and computerized color formula retrieval systems –

The technicians at Peerless utilize these tools combined with extensive training and experience to return your car to like new condition.

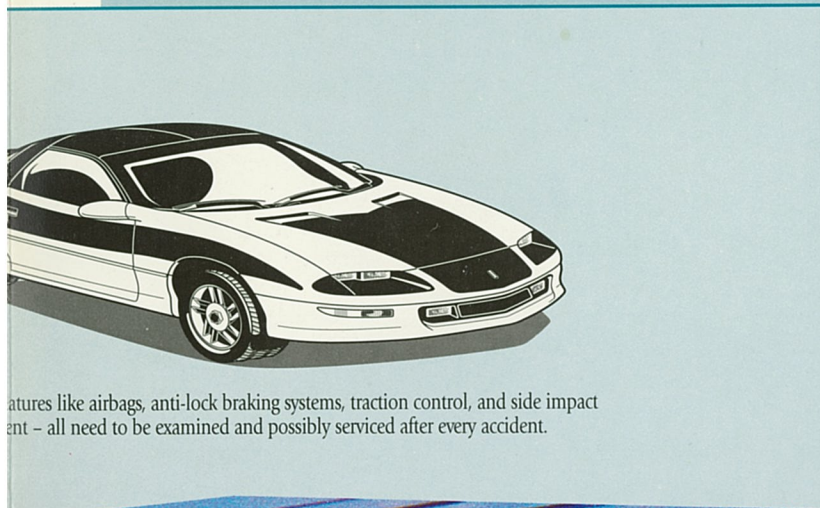

Experience and Training Come Together at Peerless Auto Body

With over 65 years of combined experience in quality automotive repairs, Peerless has met the stringent standards of insurance companies such as Allstate, State Farm, Progressive, and Prudential.

In addition to extensive experience, all of the technicians at Peerless are certified by PPG, A.S.E. and I-CAR, the authorities on collision repair and training, and the entire facility has been certified and licensed by Broward County. You can be sure that Peerless Auto Body has what it takes to fix today's most advanced cars and trucks.

From rental cars to final delivery, we can help.

Features like airbags, anti-lock braking systems, traction control, and side impact protection – all need to be examined and possibly serviced after every accident.

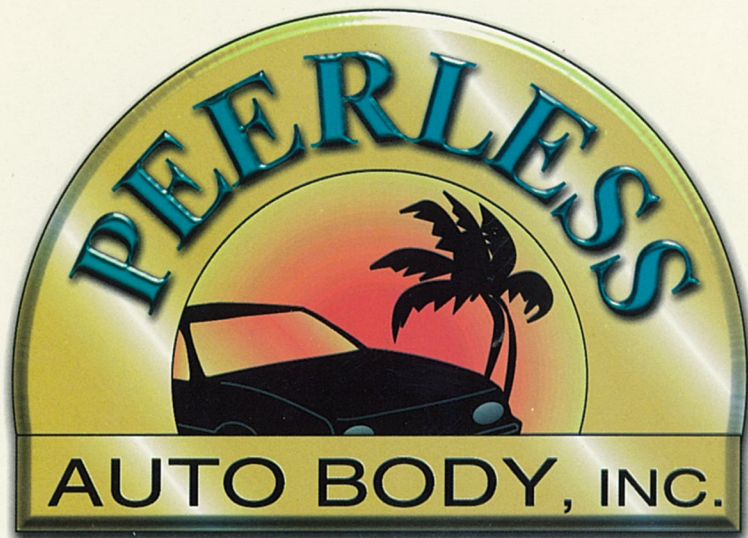

Peerless Auto Body is a family owned and operated business with three generations to service you.

"Our combination of service, quality, knowledge, and experience have impressed our customers and their insurance companies for years."
